PROFESSIONAL SUMMARY

Results-driven Project Manager and Team Lead with 2+ years of hands-on experience in coordinating cross-functional student teams, managing tech and design projects, and driving innovation initiatives at the institutional level. As President of the E-Cell and IIC Innovation Coordinator at DU SOL, successfully led UI/UX, web, and graphic design projects from ideation to execution. Proficient in Python, C++, data analytics, and AI-based tools. Strong track record in student mentorship, event management, stakeholder communication, and agile-style team coordination. Seeking a Project Manager role to leverage leadership, planning, and tech skills in a professional organizational setting.

CORE COMPETENCIES

Project Management: Project Planning, Task Delegation, Milestone Tracking, Risk Management, Agile Coordination
Leadership: Team Building, Student Mentorship, Cross-functional Coordination, Stakeholder Management
Technical Skills: Python, C++, DSA, Data Interpretation, Data Visualization, AI Tools (ChatGPT, Canva AI, etc.)
Design & Content: Graphic Design, Basic Animation, Social Media Management, Content Strategy, AI Creative Tools
Communication: Public Speaking, Motivational Speaking, Real-life Storytelling, Workshop Facilitation
Tools & Platforms: MS Office Suite, Google Workspace, Canva, Social Media Platforms, Project Coordination Tools

WORK EXPERIENCE

E-Cell President & Team Lead — Oct 2023 – Present
School of Open Learning (DU SOL), University of Delhi — Delhi, India

- Led a student team of 10+ members to plan and execute tech, design, and innovation projects including UI/UX, website development, and graphic design initiatives
- Defined project scope, assigned tasks, set milestones, and tracked progress using collaborative tools and regular stand-up meetings
- Organized workshops, hackathons, and entrepreneurship events, managing end-to-end logistics, vendor coordination, and student engagement
- Guided and mentored students on career opportunities, skill development, and project execution, improving team productivity and morale
- Developed structured project plans converting ideas into actionable roadmaps with clear timelines and deliverables

IIC Innovation Coordinator — Sep 2024 – Present
Institute Innovation Council – ICT (UDCT), Mumbai — Delhi, India

- Coordinated innovation projects and student-led initiatives between DU SOL and ICT Mumbai's IIC network
- Facilitated ideation sessions, mentored project teams, and ensured alignment with IIC objectives and deadlines
- Managed communication between institutional stakeholders, student groups, and external collaborators
- Tracked project milestones and prepared progress reports for institutional review and IIC compliance

Placement Cell President & Student Coordinator — Aug 2024 – Jan 2026
School of Open Learning (DU SOL), University of Delhi — Delhi, India

- Led placement coordination efforts connecting 100+ students with internship and job opportunities
- Organized placement drives, career guidance sessions, and industry interaction events
- Managed scheduling, communication, and documentation for all placement activities

- Served as Class Representative and Mentor, resolving student queries and acting as liaison between students and faculty

Graphic Design & IT Intern Jan 2025 – Mar 2025
Chief Electoral Office, New Delhi (Kashmiri Gate) Delhi, India

- Created graphic assets, basic animations, and social media content for official government electoral campaigns
- Managed social media handles, coordinated content scheduling, and tracked campaign reach and engagement
- Collaborated with a cross-functional team ensuring on-time delivery of design and communication materials
- Applied AI-based creative tools to speed up content production and improve output quality

Event Coordinator May 2024
School of Open Learning (DU SOL), University of Delhi Delhi, India

- Planned and executed a college-level event managing logistics, team assignments, and on-ground coordination
- Ensured smooth execution from planning to post-event review within a tight one-month timeline

EDUCATION

Bachelor of Computer Applications (BCA) – Computer Science Oct 2023 – Present
School of Open Learning (DU SOL), University of Delhi Delhi, India

- Relevant coursework: Python, C++, Data Structures & Algorithms, Data Interpretation, Computer Networks, DBMS

KEY ACHIEVEMENTS & LEADERSHIP HIGHLIGHTS

- Elected E-Cell President managing a 10+ member cross-functional student team for 2+ years
- Appointed IIC Innovation Coordinator – selected to represent DU SOL in Mumbai's ICT IIC network
- Organized 5+ college-level events, workshops, and placement drives with 100+ student participants
- Mentored 50+ students on internships, project skills, and career readiness
- Delivered motivational talks and real-life storytelling sessions to enhance student confidence and career clarity

CERTIFICATIONS & TRAINING

- Data Structures & Algorithms (DSA) – Self-directed study with project application
- AI Tools for Project Management & Creative Work – Practical hands-on application
- Social Media Strategy & Content Management – Demonstrated through Electoral Office internship
- IIC Innovation Certification – Institute Innovation Council, ICT Mumbai
